## Background<sup>2</sup>

In October 2008, the New York Stock Exchange LLC (“NYSE”) implemented significant changes to its market rules, execution technology and the rights and obligations of its market participants all of which were designed to improve execution quality on the NYSE. These changes were all elements of the NYSE’s and the Exchange’s enhanced market model referred to as the “New Market Model” (“NMM Pilot”).<sup>3</sup> The NYSE SLP Pilot was launched in coordination with the NMM Pilot (see NYSE Rule 107B).

As part of the NMM Pilot, NYSE eliminated the function of specialists on the Exchange creating a new category of market participant, the Designated Market Maker or “DMM.”<sup>4</sup> Separately, the NYSE established the SLP Pilot, which established SLPs as a new class of market participants to supplement the liquidity provided by DMMs.<sup>5</sup>

The NYSE adopted NYSE Rule 107B governing SLPs as a six-month pilot program commencing in November 2008. This NYSE pilot has been extended several times, most recently to July 31, 2012.<sup>6</sup> The NYSE is in the process of

requesting an extension of their SLP Pilot until January 31, 2013 or until the Commission approves the pilot as permanent.<sup>7</sup> The extension of the NYSE SLP Pilot until January 31, 2013 runs parallel with the extension of the NMM pilot until January 31, 2013, or until the Commission approves the NMM Pilot as permanent.

#### Proposal to Extend the Operation of the NYSE MKT SLP Pilot

The Exchange established the SLP Pilot to provide incentives for quoting, to enhance competition among the existing group of liquidity providers, including the DMMs, and add new competitive market participants. NYSE MKT Rule 107B - Equities is based on NYSE Rule 107B. NYSE MKT Rule 107B - Equities was filed with the Commission on December 30, 2009, as a “me too” filing for immediate effectiveness as a pilot program.<sup>8</sup> The Exchange’s SLP Pilot is scheduled to end operation on July 31, 2012 or such earlier time as the Commission may determine to make the rules permanent.

The Exchange believes that the SLP Pilot, in coordination with the NMM Pilot and the NYSE SLP Pilot, allows the Exchange to provide its market participants with a trading venue that utilizes an enhanced market structure to encourage the addition of liquidity, facilitate the trading of larger orders more efficiently and operates to reward aggressive liquidity providers. As such, the Exchange believes that the rules governing the SLP Pilot (NYSE MKT Rule 107B - Equities) should be made permanent.

Through this filing the Exchange seeks to extend the current operation of the SLP Pilot until January 31, 2013, in order to allow the Exchange to formally submit a filing to the Commission to convert the SLP Pilot rule to a permanent rule. The Exchange is currently preparing a rule filing seeking permission to make the Exchange’s SLP Pilot permanent, but does not expect that filing to be completed and approved by the Commission before July 31, 2012.<sup>9</sup>

<sup>9</sup> The NMM Pilot was scheduled to expire on July 31, 2012 as well. On July 12, 2012, the Exchange filed to extend the NMM Pilot until January 31, 2013 (See SR-NYSEMKT-2012-21).

(b) Statutory Basis

The basis under the Securities Exchange Act of 1934 (the “Act”) for this proposed rule change is the requirement under Section 6(b)(5) that an exchange have rules that are designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes that the instant filing is consistent with these principles because the SLP Pilot provides its market participants with a trading venue that utilizes an enhanced market structure to encourage the addition of liquidity and operates to reward aggressive liquidity providers. Moreover, the instant filing requesting an extension of the SLP Pilot will permit adequate time for: (i) the Exchange to prepare and submit a filing to make the rules governing the SLP Pilot permanent; (ii) public notice and comment; and (iii) completion of the 19b-4 approval process.

4. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

5. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3)

The Exchange believes that the proposal qualifies for immediate effectiveness upon filing as a “non-controversial” rule change in accordance with Section 19(b)(3)(A) of the Act<sup>10</sup> and Rule 19b-4(f)(6) thereunder.<sup>11</sup>

The Exchange asserts that the proposed rule change (i) will not significantly affect the protection of investors or the public interest, (ii) will not impose any significant burden on competition, and (iii) by its terms, will not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest. In addition,

---

<sup>10</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>11</sup> 17 CFR 240.19b-4(f)(6).

the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing, or such short time as the Commission may designate.

Extending the operation of the existing pilot does not burden competition; rather, it facilitates continued competition until such time as the Exchange can complete the 19b-4 process to convert Rule 107B - Equities, which governs the SLP Pilot, to a permanent rule. For the foregoing reasons, the Exchange believes that this rule filing qualifies for immediate effectiveness as a “non-controversial” rule change under paragraph (f)(6) of Rule 19b-4.<sup>12</sup>

The Exchange respectfully requests waiver of the 30-day delayed operative date so that the proposed rule change extending the pilot date may become effective before the pilot period expires on July 31, 2012.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

8. Proposed Rule Change Based on Rules of another Self-Regulatory Organization or of the Commission

The proposed rule change is not based on the rules of another self-regulatory organization.

Proposal to Extend the Operation of the NYSE MKT SLP Pilot

The Exchange established the SLP Pilot to provide incentives for quoting, to enhance competition among the existing group of liquidity providers, including the DMMs, and add new competitive market participants. NYSE MKT Rule 107B - Equities is based on NYSE Rule 107B. the Commission to convert the SLP Pilot rule to a permanent rule. The Exchange is currently preparing a rule filing seeking permission to make the Exchange's SLP Pilot permanent, but does not expect that filing to be completed and approved by the Commission before July 31, 2012.<sup>12</sup>

## 2. Statutory Basis

The basis under the Securities Exchange Act of 1934 (the "Act") for this proposed rule change is the requirement under Section 6(b)(5) that an exchange have rules that are designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes that the instant filing is consistent with these principles because the SLP Pilot provides its market participants with a trading venue that utilizes an enhanced market structure to encourage the addition of liquidity and operates to reward aggressive liquidity providers. Moreover, the instant filing requesting an extension of the SLP Pilot will permit adequate time for: (i) the Exchange to prepare and submit a filing to make the rules governing the SLP Pilot permanent; (ii) public notice and comment; and (iii) completion of the 19b-4 approval process.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

---

<sup>12</sup> The NMM Pilot was scheduled to expire on July 31, 2012 as well. On July 12, 2012, the Exchange filed to extend the NMM Pilot until January 31, 2013 (See SR-NYSEMKT-2012-21).
