1. Text of the Proposed Rule Change

- (a) NYSE MKT LLC (“NYSE MKT” or the “Exchange”) proposes to amend Rule 128 - Equities, which governs clearly erroneous executions, to extend the effective date of the pilot by which portions of such Rule operate until February 4, 2013. The text of the proposed rule change is attached as Exhibit 5 and is available on the Exchange’s website at www.nyse.com, at the Exchange’s principal office, and at the Public Reference Room of the Commission.
- (b) The Exchange does not believe that the proposed rule change will have any direct effect, or any significant indirect effect, on any other NYSE MKT rule in effect at the time of this filing.
- (c) Not applicable.

2. Procedures of the Self-Regulatory Organization

3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The Exchange proposes to amend Rule 128 - Equities, which governs clearly erroneous executions, to extend the effective date of the pilot by which portions of such Rule operate, until February 4, 2013. The pilot is currently scheduled to expire on July 31, 2012.¹

¹ See Securities Exchange Act Release No. 62886 (September 10, 2010), 75 FR 56613 (September 16, 2010) (SR-NYSEAmex-2010-60). See also Securities Exchange Act Release Nos. 63480 (December 9, 2010), 75 FR 78333 (December 15, 2010) (SR-NYSEAmex-2010-116); 64233 (April 7, 2011), 76 FR 20736 (April 13, 2011) (SR-NYSEAmex-2011-24); 65066 (August 9, 2011), 76 FR

On September 10, 2010, the Commission approved, on a pilot basis, market-wide amendments to exchanges' rules for clearly erroneous executions to set forth clearer standards and curtail discretion with respect to breaking erroneous trades. In connection with this pilot initiative, the Exchange amended Rule 128(c), (e)(2), (f), and (g). The amendments provide for uniform treatment of clearly erroneous execution reviews (1) in Multi-Stock Events² involving twenty or more securities, and (2) in the event transactions occur that result in the issuance of an individual security trading pause by the primary market and subsequent transactions that occur before the trading pause is in effect on the Exchange.³ The amendments also eliminated appeals of certain rulings made in conjunction with other exchanges with respect to clearly erroneous transactions and limited the Exchange's discretion to deviate from Numerical Guidelines set forth in the Rule in the event of system disruptions or malfunctions.

If the pilot were not extended, the prior versions of paragraphs (c), (e)(2), (f), and (g) of Rule 128 - Equities would be in effect, and the Exchange would have different rules than other exchanges and greater discretion in connection with breaking clearly erroneous transactions. The Exchange proposes to extend the pilot amendments to Rule 128 - Equities until February 4, 2013 in order to maintain uniform rules across markets and allow the pilot to continue to operate without interruption during the same period that the Rule 80C trading pause rule pilot is also in effect. Extension of the pilot would permit the Exchange, other national securities exchanges and the Commission to further assess the effect of the pilot on the marketplace, including whether additional measures should be added, whether the parameters of the rule should be modified or whether other initiatives should be adopted in lieu of the current pilot.⁴

² Terms not defined herein are defined in Rule 128 - Equities.

³ Separately, the Exchange has proposed extend the effective date of the trading pause pilot under Rule 80C - Equities, which requires to the Exchange to pause trading in an individual security listed on the Exchange if the price moves by a specified percentage as compared to prices of that security in the preceding five-minute period during a trading day. *See* SR-NYSEMKT-2012-27.

⁴ This proposed extension would also permit the pilot to operate until the National Market System Plan to Address Extraordinary Market Volatility is implemented, which will occur on February 4, 2013. *See* Securities Exchange Act Release No. 67091 (May 31, 2012), 77 FR 33498 (June 6, 2012) (File No. 4-631) (Order Approving, on a Pilot Basis, the National Market System Plan To Address Extraordinary Market Volatility by BATS Exchange, Inc., BATS Y-Exchange, Inc., Chicago Board Options Exchange, Incorporated, Chicago Stock Exchange, Inc., EDGA Exchange, Inc., EDGX Exchange, Inc., Financial Industry Regulatory Authority, Inc., NASDAQ OMX BX, Inc., NASDAQ OMX PHLX

(b) Statutory Basis

The proposed rule change is consistent with Section 6(b)⁵ of the Act, in general, and furthers the objectives of Section 6(b)(5)⁶ in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. More specifically, the Exchange believes that the extension of the pilot would promote just and equitable principles of trade because it would help assure that the determination of whether a clearly erroneous trade has occurred will be based on clear and objective criteria. Additionally, resolution of the incident will occur promptly through a transparent process, which the Exchange believes would protect investors and the public interest. The proposed rule change would also foster cooperation and coordination with persons engaged in facilitating transactions in securities and to remove impediments to, and perfect the mechanism of, a free and open market and a national market system because it would help assure consistent results in handling erroneous trades across the U.S. markets, thus furthering fair and orderly markets, the protection of investors and the public interest. Finally, the proposed rule change would permit the pilot to operate until the National Market System Plan to Address Extraordinary Market Volatility is implemented, which will occur on February 4, 2013.⁷

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

⁷ See *supra* note 4.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The Exchange believes that the proposal qualifies for immediate effectiveness upon filing as a “non-controversial” rule change in accordance with Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

The Exchange asserts that the proposed rule change (i) will not significantly affect the protection of investors or the public interest, (ii) will not impose any significant burden on competition, and (iii) by its terms, will not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest. In addition, the Exchange provided the Commission with written notice of its intent to file the proposed rule changes, along with a brief description and text of the proposed rule changes, at least five business days prior to the date of filing, or such short time as the Commission may designate.

The Exchange believes that this proposal is non-controversial and eligible to become effective immediately because it extends the operation of a pilot that promotes uniformity across markets in breaking clearly erroneous transactions. Additionally, extension of the pilot until February 4, 2013 would enable the Exchange and the Commission to further assess the effect of the pilot on the marketplace. The Exchange respectfully requests that the Commission waive the 30-day operative delay period for “non-controversial” proposals to allow the pilot to continue to operate without interruption for the benefit of the marketplace and the investing public.

For the foregoing reasons, this rule filing qualifies for immediate effectiveness as a “non-controversial” rule change under paragraph (f)(6) of Rule 19b-4.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 128 - Equities, which governs clearly erroneous executions, to extend the effective date of the pilot by which portions of such Rule operate, until February 4, 2013. The pilot is currently scheduled to expire on July 31, 2012.⁴

On September 10, 2010, the Commission approved, on a pilot basis, market-wide amendments to exchanges' rules for clearly erroneous executions to set forth clearer standards and curtail discretion with respect to breaking erroneous trades. In connection with this pilot initiative, the Exchange amended Rule 128(c), (e)(2), (f), and (g). The amendments provide for uniform treatment of clearly erroneous execution reviews (1) in

Multi-Stock Events⁵ involving twenty or more securities, and (2) in the event transactions occur that result in the issuance of an individual security trading pause by the primary market and subsequent transactions that occur before the trading pause is in effect on the Exchange.⁶ The amendments also eliminated appeals of certain rulings made in conjunction with other exchanges with respect to clearly erroneous transactions and limited the Exchange's discretion to deviate from Numerical Guidelines set forth in the Rule in the event of system disruptions or malfunctions.

If the pilot were not extended, the prior versions of paragraphs (c), (e)(2), (f), and (g) of Rule 128 - Equities would be in effect, and the Exchange would have different rules than other exchanges and greater discretion in connection with breaking clearly erroneous transactions. Extension of the pilot would permit the Exchange, other national securities exchanges and the Commission to further assess the effect of the pilot on the marketplace, including whether additional measures should be added, whether the parameters of the rule should be modified or whether other initiatives should be adopted in lieu of the current pilot.⁷

⁵ Terms not defined herein are defined in Rule 128 - Equities.

⁶ Separately, the Exchange has proposed extend the effective date of the trading pause pilot under Rule 80C - Equities, which requires to the Exchange to pause trading in an individual security listed on the Exchange if the price moves by a specified percentage as compared to prices of that security in the preceding five-minute period during a trading day. *See* SR-NYSEMKT-2012-27.

⁷ This proposed extension would also permit the pilot to operate until the National Market System Plan to Address Extraordinary Market Volatility is implemented, which will occur on February 4, 2013. *See* Securities Exchange Act Release No.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b)⁸ of the Act, in general, and furthers the objectives of Section 6(b)(5)⁹ in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹¹ and Rule 19b-4(f)(6) thereunder.¹² Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.

¹² 17 CFR 240.19b-4(f)(6).

A proposed rule change filed under Rule 19b-4(f)(6)¹³ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁴ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
