The Notice section of this Form 19b-4 must comply with the guidelines for publication in the Federal Register as well as any requirements for electronic filing as published by the Commission (if applicable). The Office of the Federal Register (OFR) offers guidance on Federal Register publication requirements in the Federal Register Document Drafting Handbook, October 1998 Revision. For example, all references to the federal securities laws must include the corresponding cite to the United States Code in a footnote. All references to SEC rules must include the corresponding cite to the Code of Federal Regulations in a footnote. All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). A material failure to comply with these guidelines will result in the proposed rule change being deemed not properly filed. See also Rule 0-3 under the Act (17 CFR 240.0-3)

Such partial amendment shall be clearly identified and marked to show deletions and additions.

NYSE MKT, LLC (“Exchange”), on behalf of NYSE Amex Options, hereby submits this partial amendment to SR-NYSEMKT-2012-42 (the “Filing”). The Exchange seeks to make the following changes to the language in the Purpose section of the filing;

**Remove the first sentence in the second full paragraph on page 5 of the Form 19b-4 and remove the first sentence in the second full paragraph on page 10 of the Exhibit 1 and in its place, insert the following sentence:**

In addition, to provide for circumstances where the underlying security has moved such that there are no series that are at least 10% above or below the current price of the underlying security, the Exchange is proposing to add new language to Commentary .10 to provide that the Exchange would delist series with no open interest in both the call and the put series having a: (i) strike higher than the highest price with open interest in the put and/or call series for a given expiration month; and (ii) strike lower than the lowest strike price with open interest in the put and/or the call series for a given expiration month, so as to list series that are at least 10% but not more than 30% above or below the current price of the underlying security.
