

## CLIENT NOTICE

**Date:** June 6, 2008

**Subject:** NYSE Arca Outage Update

On Thursday, June 5th at 17:15:40 ET, NYSE Arca experienced a processing issue on the matching engine for Tape A and Tape B securities for symbols starting with S-Z (except SPY). The matching engine was brought down and failed over to a back-up node and trade processing was resumed at 17:49:14. As a result of the restart, 165,000 messages were erroneously sent to the consolidated tape. These duplicate prints will be adjusted today.

We apologize for any inconvenience this issue may have caused. Please contact the NYSE Arca Trade Support Desk at 888.513.9873, with any questions.
