### Rule 313.11 Withdrawal of Capital (Lock-In Language for Firm's Subject to SEC Rule 15c3-1)

Notwithstanding any provision to the contrary contained herein, without the prior written approval of the New York Stock Exchange, LLC. (Exchange), the capital contribution of any partner may not be withdrawn on less than six months written notice, given no sooner than six months after such contribution was first made.

Such capital contribution may not be withdrawn nor may any unsecured loan or advance be made by the firm to a partner or employee at any time when such withdrawal, loan or advance would be prohibited by the provisions of any rule or regulation of the Exchange or the Securities and Exchange Commission (SEC) to which the firm is subject, including, without limitation, the provisions of SEC Rule 15c3-1.

### Rule 313.20 Opinion of Counsel

There shall also be submitted an opinion of counsel in form and substance satisfactory to the Exchange stating, among other things, that the company is duly organized and existing and that the restrictions and provisions required by the Exchange on the transfer, issuance, conversion and redemption of its limited liability company interests have been made legally effective.

### Rule 313.22 Provision concerning redemption or conversion

Each certificate of incorporation of a member corporation shall contain provisions authorizing the corporation to redeem or convert to a fixed income security acceptable to the New York Stock Exchange, LLC. (Exchange) for all or any part of the outstanding shares of voting stock of such member corporation owned by any person required to be approved by the Exchange as a member or approved person who fails or ceases to be so approved as may be necessary to reduce such party's ownership of voting stock in the member corporation below that level which enables such party to exercise controlling influence over the management or policies of such member corporation.

### Rule 313.23 Restrictions on corporations ("Dividend Restriction")

No dividend shall be declared or paid which shall impair the capital of the corporation nor shall any distribution of assets be made to any stockholder unless the value of the assets of the corporation remaining after such payment or distribution is at least equal to the aggregate of its debts and liabilities, including capital.

### Rule 4120 Regulatory Notification and Business Curtailment ("Termination Language")

In order for a Limited Liability Company (LLC) or a Partnership that has a stated termination date in its operating or partnership agreement to avoid having its capital considered as a withdrawal under Rule 4120 during the six month period prior to a termination of the agreement the following language must be included in the agreement:

"Notwithstanding anything to the contrary herein contained, in the event of the termination of the [LLC or Partnership] on the expiration of the term of this agreement, or any dissolution of the [LLC or Partnership], each member agrees that if withdrawal of its capital on any such termination would cause, during the six months immediately preceding the date of termination, the [LLC or Partnership]'s net capital to be less than that specified in Rule 4120 of the Rules of the New York Stock Exchange LLC, such withdrawal of capital may be postponed for a period of up to six (6) months of the date of termination, as the members may deem necessary to ensure compliance with said rules; and any such capital so retained by the [LLC or Partnership] after the date of termination shall continue to be subject to all debts and obligations of the [LLC or Partnership]."
