

Trader Update

Date: August 27, 2009
Audience: NYSE Amex Options Traders
Subject: NYSE Amex Options Outage Update

Summary:

On Thursday, August 24, 2009, NYSE Amex options experienced a network outage that affected market maker quotes in names A through C from 9:50 a.m. to 9:57 a.m. ET. The disruption was due to a network outage. Diagnostics have been verified and the exchange does not anticipate any further issues.
