

Exhibit A Questionnaire

Thank you for your interest in NYSE data. This questionnaire is intended to simplify user application requirements while furnishing customers and data providers with the information needed to sanction the release of market data. Please follow the instructions below and answer all questions accurately and thoroughly to ensure timely processing of your market data request(s).

Customers should complete a separate questionnaire for each market data source (or consult your NYSE account manager for further instruction). One questionnaire may include several sites utilizing a single market data vendor source. If more than one location/environment exists with different levels or controls, a separate questionnaire must be completed for that location.

All customers who wish to receive market data via a data feed are required to complete and submit this Exhibit A. In addition, NYSE requires:

1. Executed copy of the Vendor Agreement (if currently not on file)
2. Datafeed request(s) submitted by your data provider to NYSE on your behalf

All required documents should be executed and returned to your account manager or:

SECTION II – Non-Display Usage

Where appropriate, customers are to identify and confirm their Non-Display Use of real-time NYSE Market Data. Non-Display Use is broken down to three (3) categories:

- Category 1:**
 Fees are applicable when a data recipient's Non-Display Use of NYSE Market Data is on its own behalf as opposed to use on behalf of its clients, including the creation of derived data (e.g. indices, financial products etc.) for internal use .
- Category 2 :**
 Fees are applicable when a data recipient's Non-Display Use of NYSE Market Data is on behalf of its clients as opposed to use on its own behalf, including the creation of derived data (e.g. indices, financial products etc.) for its clients use.
- Category 3:**
 Fees are applicable when a data recipient's Non-Display Use of NYSE Market Data is, in whole or in part, for the purpose of internally matching buy and sell orders within an organization. Matching buy and sell orders includes matching customer orders on a data recipient's own behalf and/or on behalf of its clients. This category includes, but is not restricted to, use in trading platform(s), such as exchanges, alternative trading systems (ATs), broker crossing networks, broker crossing systems not filed as ATs, dark pools, multilateral trading facilities, and systematic internalization systems.

Examples of Non-Display Use under the 3 categories are, without limitation

- Any trading in any asset class
- Automated order or quote generation and/or order pegging
- Price referencing for algorithmic trading
- Price referencing for smart order routing
- Operations control programs
- Investment analysis
