

Complimentary NYSE NATIONAL Historical TAQ Data

NYSE National - a fully electronic market that combines the high performance of NYSE Pillar technology with a “taker/maker” fee schedule. NYSE National offers the highest exchange rebates available for removing liquidity. NYSE National is an attractive trading venue for investors using fee-sensitive strategies to take liquidity or for passive traders seeking to minimize their time-to-fill.

NYSE Proprietary Market Data is offering a three-month free trial of NYSE National Historical TAQ data to any firm that subscribes to the NYSE National Historical TAQ product for the first time. The recent extraordinary events have seen liquidity, volatility and risk come to the forefront in equity markets - historical data offerings from NYSE allow subscribers to analyze market behavior.

- **Free 3 months TAQ history (August 3, 2020 - October 30, 2020 inclusive)**

Coverage
