

TRADER UPDATE

Date: August 16, 2022

Audience: NYSE, NYSE American, NYSE Arca, and NYSE National Traders

Subject: **NYSE Equities - Directed Orders to OneChronos ATS**

Beginning in August 2022, NYSE, NYSE American, NYSE Arca, and NYSE National will start to accept and route Directed Orders to OneChronos ATS ([OneChronos FIX Spec](#)). The implementation will include:

- Limit IOC and Limit DAY orders with a new routing instruction (FIX-9303 RoutingInst = 'A' or Binary RoutingInst = 10)
- Note: Limit IOC orders will be rejected/canceled back if the security is in a pre-open state. This occurs when OneChronos receives an IOC order for a symbol that has not yet opened on the primary exchange.

Please see the NYSE Pillar Gateway specifications ([FIX - Binary](#)) and Order Validation Matrixes ([FIX - Binary](#)) for specific tags details. Additional details can be found in [rule filing approved by the SEC](#).
